Le réseau d'après-vente Fiat (DAT) comprend ce code dans la numérotation unifiée des opérations de réparation et d'entretien des véhicules adoptée par le « Temps de réparation » pour repérer le sous-groupe (Sgr) du catalogue comprenant la pièce détachée à laquelle chaque opération d'assistance se réfère.

Anmerkung - Auf jeder Bildtafel des Katalogs ist die DAT Kennnummer (nur numerisch) hoch-rechts, seitlich der Sgr.-Kennnummer (alphanumerisch).

Der FIAT-Kundendienst hat die DAT-Kennnummer in der normierten Bezeichnung der Kraftfahrzeugreparaturen, im Reparatur-Richtsatz angenommen, angeführt um die Untergruppe (Sgr) des Katalogs, die das Ersatzteil enthält, zu ermitteln.

Nota - The DAT code (digit/ only) is reported on all plates of this catalog, on top right, along with the Sgr. code (alphanumeric).

The Fiat service organization (DAT) includes this code in the unified numeration system of maintenance and servicing operations, used for « Service Time Schedule » to identify the subgroup (Sgr) of the catalog which lists the spare as named in each single service operation.

Nota - Se repone el código DAT (solo numerico) en todas las tablas del catálogo, arriba a la derecha, al lado del código Sgr. (alfa-numérico).

La organización para la asistencia Fiat (DAT) incluye este código en la numeración unificada de las operaciones de reparación y mantenimiento de los vehículos, la que se adoptó por el « Tiempos de reparaciones », para identificar el subgrupo (Sgr) del catálogo que comprende la pieza de repuesto a la que cada operación de asistencia se refiere.
